The 5 Stages of the Artistic Process

1. What are the 5 suggested stages to go through for the development of your assignments?

2. Why do you think it's important to go through these 5 stages and not jump straight into creating the final piece without any planning or preparation?

3. How will you be personally implementing these stages throughout the month, as you develop your piece? **Think of specific actions you'll be taking every week to ensure you'll finish by the end of the month.*
