Art Fundamentals Class:

Finding & Developing Your Art Style (Pt. 3)- *How to Evolve Your Art Style*

1. What are the three main reasons why you can expect your art style to change over time?

2. *True or false?:* You should never spend more than a week with a medium or subject if you feel it doesn't come naturally to you.

3. Find an example of an artist who's style changed throughout the years. In what ways did their work change? Did anything remain the same?

4. _____ and _____ are the 2 main signs that you could consider evolving your art.

5. *True or false?:* Once you've found your art style, everything should feel easy. There's no need to continue challenging yourself.

6. What is the difference between *evolving* and *changing* your art style?

7. How can you make sure you're evolving your art style slowly?

8. Out of the practical tips provided for evolving your art style, which will you be trying in the future?

9. Why is it crucial to create for yourself first, *then* for others?
